

Revised Key Answer for the objection received for Online CAT examination held on 19-08-2017

Q. No	Key answer published	Objection from candidates to key answer	Revised Key answer	Explanation with regard to objection	Decision
21	B	Both A & B	B	The Cripps mission proposed Indian Domination status in 1942 much prior to Cabinet Mission plan which was in 1946. Option B is the correct answer.	No changes in Key answer.
49	D	Both B & D	D	The meaning of less than 19 years is interpreted as any age less than 19 years which can vary from 0 to 19 years, hence this option cannot be considered as the answer. The correct answer is option D	No changes in Key answer.
78	D	Wrong question	D	The question is correct. Solution as follows: $(ab)^{x-2} = (ba)^{x-7}$ $\{x-2\} \log(ab) = \{x-7\} \log(ba)$ $\{x-2\} \log(ab) = - \{x-7\} \log(ab)$ $\{x-2\} \log(ab) = - \{x-7\} \log(ab)$ $x-2 = - x-7$ $2x = 9$ $X = 4.5$	No changes in Key answer.
80	A	$(x+1)(x-3) = 0$ Incomplete question	A	To further define the question $x=?$ Should be added	No changes in Key answer.
81	A	$x^2 + x - 4 = 0$ Incomplete question	A	To further define the question $x=?$ Should be added	No changes in Key answer.
86	D	B	B	The correct answer is 20 days	Marks will be given to candidates who have answered B as the Key answer.
98	A	B	B	Instead of total surface area only area was calculated	Marks will be given to candidates who have answered B as the Key answer.
99	B	Wrong answer (Answer is 13)	Nullified	Typo error - instead 13/3 it should be 13. Hence the question needs to be nullified	One Grace mark for all the candidate
